## FINAL REHEARSALS ARE HELD THURSDAY

Living Picture Festival and  
Art Exhibit by Public  
School Pupils Tonight.

Final rehearsals for the annual art exhibit and entertainment by the pupils of the public schools took place Thursday evening, and according to Miss Catherine Lockhart, art supervisor of the schools, the event this evening at the auditorium will eclipse all previous efforts. Nothing has been omitted towards the successful carrying out of a highly interesting, entertaining and intellectual program. The dance to be given by Miss Dorothy Mix, it is said, will surpass in grace and rhythm anything ever seen in Mishawaka. In fact, the work of Miss Mix is classed with the top-notch art of Pasiowa, by Miss Lockhart. About 20 will take part in the living pictures. Among those who will assist Miss Lockhart with the arrangements are the Misses Ferrill, Olive Boles, Zimmerman, Dearborn, Lyndahl, Adah Miller, Van Duser. The latter are art assistants to Miss Lockhart, and will take part in the living pictures. Miss Henderson will put on a butterfly dance by the pupils of Bingham school.

The halls of the school building have been utilized for the exhibition of the pupils' work, and those who have been privileged with a private view are loud in their praises of the exhibits. The manual training display, in charge of Mr. Finch, is highly creditable. Judging from the advance sale of tickets the auditorium should be crowded.

## NOTED DRAMATIC STAR LINCOLN ATTRACTION

Edmund Brees, the gifted dramatic star, is shown at the Lincoln theater today in "The Lure of Heart's Desire," a gripping photodrama of the Alaskan wastes and high life in New York society. The play is in five reels and was produced for the Metro release by the Popular Plays and Players.

Supporting Mr. Brees is an unusually strong cast including Arthur Hoops, Jeanette Horton, John Mahon and Evelyn Brent.

## POISONOUS TARANTULA GUEST OF FIRE LADS

A new pet has put in its appearance around the fire station. But it is a safe bet that it will not receive much petting from the fire lads. The new pet is kept in a sealed bottle and will not be permitted to roam around the station at will.

The pet is a tarantula, a poisonous insect whose home is in bunches of bananas shipped to this country from South America. The insect was captured at the Pittaway fruit house which recently opened across the street from the station. Many of these reptiles are found by fruit men throughout the United States.

Its bite is deadly poison, hence the strict confinement to which it is subjected.

## Summary of War

Artillery bombardments of most violent character have been directed against the French positions in the Callette wood and their second lines on the right bank of the Meuse. Bombardments and mining operations have predominated on the British and Belgian fronts. A severe artillery duel is in progress around the Hohenzollern redoubt between the British and Germans. The Russians and Germans on the eastern line are keeping up mutual bombardments and similar conditions prevail in the fighting between the Austrians and Italians.

Constantinople reports that in the Caucasus region around Mount Kope the Turks drove out the Russians from positions about nine and one-half miles in extent and forced them to retreat eastward, and likewise to the southeast of Mamahatun put the Russians to flight.

The Germans who were defeated recently in the Konda, Transil district of East Africa, have been reinforced and are now advancing on the British.

## HOLD UP WATCHMAN AND ROB POSTOFFICE

International News Service: LANCASTER, Pa., May 12.—After first holding up the watchman, Clarence Kreider, outside the building, and while one of their number guarded him, three yegmen robbed the Litz postoffice early today and obtained several hundred dollars worth of stamps and money and some mail matter.

The watchman was compelled to accompany the robbers a mile out of town where his revolver, empty, and his money and watch were returned to him.

"We are not robbing a poor man, but Uncle Sam," the robbers told him.

## RICHMOND WOMAN AND SON HELPED

"We Both Expect to Continue Use of Tanlac" Says Mrs. Gertrude Hoffman.

Richmond, Ind., May 11.—Mrs. Gertrude Hoffman, well known West Richmond woman, living at Second and Pearl streets, recently said, regarding her experiences with Tanlac, the Master Medicine:

"For a number of years I have suffered from stomach trouble. At times I had pains around my heart which really frightened me. My appetite was poor, and I became nervous and excited at little things. Often it was necessary for me to stop work and rest, and I had very little ambition."

"I notice a great improvement since taking Tanlac. My appetite now has returned; when I get up in the morning I want to get at my housework and my nerves are steady. I am beginning to feel like my own, cheerful self again."

"Tanlac also is relieving my son, Paul, who is just 21 years old, of a catarrhal trouble with which he has been suffering for a long time. We both intend to continue the use of Tanlac."

Tanlac, the Master Medicine, which Mrs. Hoffman recommends so highly, is especially beneficial for stomach, liver and kidney troubles, rheumatism, catarrhal complaints, insomnia, and affections of the mucous membranes.

Tanlac is sold exclusively in Mishawaka at the Red Cross Pharmacy.—Adv.
